PREMIUM ALUMINIUM & GLASS SOLUTIONS

ABOUT US

Aether Aluminium and Glass is a specialized provider of architectural aluminium and glass solutions, delivering contemporary products designed to enhance the functionality, aesthetics, and value of modern spaces.

We specialize in providing a wide range of aluminium and glass systems for residential, commercial, hospitality, and architectural projects. Our solutions combine modern design, quality materials, precision workmanship, and professional installation.

Our expertise includes glass rooms, glass partitions, curtain walls, bi-folding doors, slimline sliding systems, aluminium doors and windows, staircases and handrails, glass skylights, retractable roofs, ultra-slim swing doors, and aluminium pergolas. At Aether Aluminium and Glass, we believe that every architectural element should deliver the right balance of design, functionality, durability, and performance.

OUR VISION

To be a trusted leader in architectural aluminium and glass solutions, delivering quality, innovation, precision, and lasting design.

OUR MISSION

To deliver quality aluminium and glass solutions through modern design, skilled workmanship, precision, and reliable service, balancing aesthetics, functionality, and value.

OUR SERVICES

GLASS ROOMS

Create elegant and contemporary spaces with customized glass room solutions. Glassrooms provide openness and natural light while creating defined and functional areas.

GLASS PARTITIONS

Modern glass partitions provide effective space division while maintaining a bright, open, and spacious environment. Ideal for offices, commercial spaces, and contemporary interiors

CURTAIN WALL

Architectural curtain wall systems create clean and modern building façades while providing an elegant external appearance and practical building-envelope functionality.

BI-FOLDING DOOR

Bi-folding doors provide wide openings and smooth transitions between indoor and outdoor areas. Their contemporary design enhances openness and natural light.

SLIMLINE SLIDING

Slimline sliding systems combine minimal sightlines with large glass surfaces to create a sleek and sophisticated architectural appearance.

ALUMINIUM DOORS & WINDOWS

Durable and versatile aluminium doors and windows designed to complement a variety of architectural styles while providing functionality and contemporary aesthetics.

STAIRCASE & HANDRAILS

Elegant aluminium and glass staircase and handrail solutions designed to combine safety, functionality, and modern architectural style.

OUR SERVICES

GLASS SKY LIGHT

Glass skylights introduce natural daylight into interior spaces, creating brighter, more open, and visually appealing environments

RETRACTABLE ROOF

Flexible retractable roof solutions designed to make outdoor areas more versatile while providing an attractive and functional architectural feature.

ULTRA SLIM SWING DOOR

Minimalist swing door systems featuring slim profiles and contemporary aesthetics. Designed for modern residential, commercial, and hospitality environments.

ALUMINIUM PERGOLA

Contemporary aluminium pergolas designed to enhance outdoor spaces with a stylish, durable, and functional structure.

OUR CORE VALUES
